What is GMIS ?

Government Management Information Sciences is an organization of agencies in State, County, & Local Government and Public Education.

It provides a forum for the exchange of ideas, information, and techniques to foster the effective application of technology in serving the business needs of government.

Golf Anyone?

For those addicted to the little white ball, there will be a Symposium Golf Tournament on Saturday May 20. The details are still being worked out but information and costs will be posted on the GMIS-Utah website as soon as they are available.

Please review the website often and book early to avoid disappointment:
